

Sasha Rudan

R&D CV

NOTE: This is a Researcher & Development version of Sasha Rudan's Curriculum Vitae. There are also other compact (dedicated) versions of CV and one extended version of CV

First name(s) / Surname(s)	Sasha (Саша, Saša) / Rudan(Рудан, Rudan)
Telephone(s)	mobile: +381 64 31 000 51, (Serbia),+44 7444481558, (UK)
E-mail(s)	work: sasharu@uio.no,sasha.rudan@lingfil.uu.se
Nationalities	Serbian,Croatian

Education

Occupation or position held	PhD in Computer Science (to be defended)
Name and address of employer	University of Oslo, Oslo, Norway
Type of business or sector	Knowledge Federation, Socio-technical system modelling, collective intelligence, social-processes optimization
Occupation or position held	MPhil in Computer Science and Electrical Engineering
Name and address of employer	Department of Computer Science and Information Theory, School of Electrical Engineering, University of Belgrade, Serbia
Type of business or sector	Internet protocols (theory/app), Computer security (theory/app), Information theory, Project managing, Information systems, Graphic (2D, 3D, Fractals)
Occupation or position held	BA in Computer Science and Electrical Engineering
Name and address of employer	Department of Computer Science and Information Theory, School of Electrical Engineering, University of Belgrade, Serbia
Type of business or sector	Data structures and algorithms, DB, OS (multitasking, multithreading, IPC), compilers, VHDL design, mathematics (highly advanced, 5 courses), physics (highly advanced), electronic (highly advanced), telecommunications (highly advanced)

Work experience

Dates	2023-2025
Occupation or position held	Centre for Ibsen Studies - Technical Product Owner, System Architect, and partially a core developer
Main activities and responsibilities	(i) features and grants - identifying needs and implementing DH infrastructure for inter-disciplinary research on Henrik Ibsen texts, writing grant applications, and coordinating with partners, (ii) infrastructure - interconnecting, harmonizing, and refactoring a highly heterogeneous infrastructure, modernizing (refactoring PHP+Perl+Python+Java => TypeScript, facsimiles+mediastore, moving to podman+Kubernetes) (iii) - TEI/XML - TEI/XML corpus management, XSLT, xQuery, ExistDb, Cocoon, Saxonica (iv) AI - integrating gen-AI, content interpretation, and visualization tools, (v) AI & Creativity implementing an AI-generative "jamming" platform for evolving and transforming literary texts, and fusing with multimedia, (vi) automation - workflows, data processing, content scraping and synchronizing, proxy/tunneling
Name and address of employer	Oslo University, Department of Linguistics and Scandinavian Studies, https://www.hf.uio.no/is/english/
Technologies	Python, TypeScript, Vue, Node.js, Nest.js, XML, XSLT, XQuery, Elasticsearch, RAG, GenAI, Perl, PHP, microservices, event-driven and workflow distributed systems, Scraping, ETL, OpenStack, OpenShift, Kubernetes, Docker, podman
Dates	2023-2024
Occupation or position held	Terra AI - System Architect and core developer
Main activities and responsibilities	Developing an AI augmented platform and AI processing workflow (pipeline) for video processing, analysis, media and meta extraction, objects recognition, and (re)generation, managing AWS infrastructure, load balancing, scaling, microservices, and React frontend, AWS management. Customer analysis (Google Analytics, Google Data Studio, BigQuery, user traction, and visualization)
Name and address of employer	Terra AI, acquired by Pictory, https://pictory.ai/
Technologies	Python, Django, TypeScript, React, Node.js, BigQuery, Google Data Studio, microservices, event-driven and workflow distributed systems, ML/AI (video and sound processing and generation), microservices, AWS, CI/CD
Dates	2021-2023
Occupation or position held	Retracing Connections - Technical Product Owner and core developer
Main activities and responsibilities	Design and implementation of a DH infrastructure for inter-disciplinary research on hagiographic texts and advanced workflows scanning of old literature
Name and address of employer	Uppsala University, Department of Linguistics and Philology, https://www.lingfil.uu.se/the-department/
Technologies	Python, TypeScript, Vue, Node.js, event-driven and workflow distributed systems, microservices, CI/CD, OpenStack, OpenShift, Kubernetes, Docker
Dates	2021
Occupation or position held	TickerAI - System Architect and core developer
Main activities and responsibilities	Implementing an AI/ML/NLP informed Financial Market News Aggregator with unique focus on personalization and user experience. Vue.js frontend, Node.js + Python

responsibilities	backend, developed no-code CMS for content management
Name and address of employer	TickerAI (https://www.ticker.ai/), Mark Cuban project
Technologies	Angular, TypeScript, Node.js, ElasticSearch, microservices, event-driven and workflow distributed systems, No-code CMS, ansible
Dates	...
Occupation or position held	Catalyst - System analyst and designer
Main activities and responsibilities	Catalyst is an intelligent software tool that empowers one or more experts, who are not programmers, to create knowledge bases in many domains of knowledge quickly. The expert uses Catalyst to create questions, answers, scenarios, rules (IF-THEN-ELSE statements), and decision tables, then associates each answer with one or more rules. Doing a set of business and deep customer research tasks, from customer journey to personas, toward defining the functionality of ver.2 of the Catalyst tool, focused on the healthcare domain of knowledge.
Name and address of employer	InCap Corporation, California, USA
Technologies	System analysis, system design, customer journey mapping, user stories, personas, D3.js, TypeScript
Dates	2019-2021
Occupation or position held	POIETO - System Architect and core developer
Main activities and responsibilities	Implementing frontend and backend for an AI anti-bias exploratory and negotiation platform
Name and address of employer	POIETO (https://www.poieto.com/), Feminist AI (https://www.feminist.ai/), NVIDIA Inception Program
Technologies	Angular, TypeScript, Node.js
Dates	2018-2019
Occupation or position held	Audio Commons - System Architect and core developer - Postdoctoral Level Position
Main activities and responsibilities	Semantic Ontological music information retrieval infrastructure, holistic evaluation, creativity processes evaluation, designing workflow infrastructure
Name and address of employer	School of Electronic Engineering and Computer Science, Queen Mary University of London
Technologies	Python, TypeScript, Angular, Node.js, microservices, event-driven and workflow distributed systems, Docker, JSON-LD, XML, RDF, OWL, Linked Data, SPARQL, Triple Stores, real-time platforms
Dates	2017
Occupation or position held	Federated Databases - System Architect and core developer - Postdoctoral Level Position
Main activities and responsibilities	Federated Databases - Database Mining Group, Knowledge Representation and Reasoning, Data Protection in Healthcare

responsibilities	
Name and address of employer	Umeå University, Sweden
Technologies	Python, TypeScript, Angular, Node.js, GDPR and data protection healthcare data, database federation, data mining, SPARQL, RDF, OWL, Linked Data, Triple Stores
Dates	2015 - 2016
Occupation or position held	INSTAAR - R&D on EarthCube project (US NSF funded)
Main activities and responsibilities	Designing model ontologies and developing tool for describing models
Name and address of employer	Research for INSTAAR, University of Colorado — Boulder, USA
Technologies	TypeScript, Angular, Node.js, XML, RDF, OWL, Linked Data, SPARQL, Triple Stores
Dates	2016-to date
Occupation or position held	ChaOS - CEO, Co-Founder
Main activities and responsibilities	an NGO assembled around the motto - Science and Art for Humanity and Culture
Name and address of employer	ChaOS, NGO
Technologies	Research, ML/AI, Social processes, Cultural and Heritage Protection, TypeScript, Python, Angular, Vue, React, Node.js, Nest.js, microservices, event-driven and workflow distributed systems, podman, Kubernetes, OpenStack
Dates	2011 - 2014
Occupation or position held	InfoM - Editor of column on socio-technical systems in Serbian research magazine, InfoM
Main activities and responsibilities	Scientific Journalist
Type of business or sector	Research Editor
Name and address of employer	InfoM
Technologies	Research & Journalism, Technology, Society, Culture, Social Media, Social Networks, Social Processes, Collective Intelligence
Dates	2011
Occupation or position held	ITERA GAZETTE - R&D
Main activities and responsibilities	1) NUI (Natural User Interface) interaction with 3D virtual space; navigation, manipulation, presentation, 2) NUI interaction with audio and graphic visualization, for children with special needs, 3) Camera Motion Detection Interaction

Name and address of employer	ITERA GAZETTE
Technologies	C#, Java, Flash, ActionScript 3, Flex, XML, XSD, XSLT, JSON, JavaScript, CMSes (Umbraco, Joomla), HTML5, CSS3
Dates	2009-2010
Occupation or position held	Visual Funk - Senior Developer (Social-media and online games and gamification)
Main activities and responsibilities	R&D
Name and address of employer	Visual Funk
Technologies	Flash, ActionScript 3, Flex, XML, XSD, XSLT, JSON, JavaScript, CMSes (Joomla, Wordpress), HTML5, CSS3
Dates	July 2007 - August 2008
Occupation or position held	R&D
Main activities and responsibilities	Birdstep - Protocols/Cryptography, NDIS IM drivers, Windows Mobile, UML modeling
Type of business or sector	Connection Manager Development (Windows Desktop & PDA)
Name and address of employer	Birdstep Technology ASA, Oslo, Norway
Technologies	C++, C#, Windows Mobile and Desktop, kernel drivers, protocols, cryptography, UML modeling
Dates	January 2007 - July 2007
Occupation or position held	VoiceRoaming - System Architect, R&D
Main activities and responsibilities	Seamless switchover GSM/VoIP on PDA devices
Name and address of employer	VoiceRoaming ASA, Oslo, Norway
Technologies	C#, C++, Windows Mobile, GSM/VoIP, protocols, cryptography, UML modeling
Dates	2006
Occupation or position held	Vlatacom - System Architect, R&D
Main activities and responsibilities	GPS Navigation on PDA devices
Name and address of	Vlatacom, Belgrade, Serbia

Academic

Publications

Dates	Accepted
Title	Rudan, S., Rudan, S., Karabeg, D., Rakovic, D. "Reflections on Tesla's creativity and potential for its replication as an online space for collective creativity and scientific dialogue", Phlogiston, Journal for the History of Science, 2019
Dates	In preparation
Title	Miguel Ceriania, Fabio Viola, Saša Rudan, Francesco Antoniazzi, Mathieu Barthet, György Fazekas, "Building an Audio Content Ecosystem via Ontology-Mediated Integration of Heterogeneous Content Providers"
Dates	In preparation
Title	Rudan, Saša, and Eugenia Kelbert. "Bukvik: A Literary Scholars' Environment for Running Visualized, Social-Augmented, Collaborative Research"
Dates	In preparation
Title	Kelbert, Eugenia, and Saša Rudan. "Use of Digital Humanities Techniques in the Context of (Self-)Translation and Bilingual Writing"
Dates	In preparation
Title	Kelbert, Eugenia, and Saša Rudan. "Bilingual Nabokov: Comparing Stylistic Profiles"
Dates	In preparation
Title	Rudan, Saša, and Eugenia Kelbert. "Society of Words: A Structuralist Approach to Close Distant Reading"
Dates	2023
Title	Rudan, Sasha Mile, et al. "Augmenting and informing the translation process through workflow-enabled CALT tools." Computer-assisted literary translation. Routledge, 2023. 258-281.
Dates	2021
Title	Rudan, Sasha Mile, et al. "Colabo. Space-Participatory Platform for Evolving Research and Publishing Workflows." International Conference on Theory and Practice of Digital Libraries. Springer, Cham, 2021.
Dates	2021
Title	Rudan, Sasha Mile, Lazar Kovacevic, and Sinisha Rudan. "Democracy Framework, ColaboFlow, and Wikipedia-Governing Face-to-virtual Systems and Processes According to Democratic and Ethical Principles." 2021 Eighth International Conference on eDemocracy & eGovernment (ICEDEG). IEEE, 2021.
Dates	2021
Title	Rudan, Sasha Mile, et al. "Colabo. Space-Participatory Platform for Evolving Research and Publishing Workflows." International Conference on Theory and Practice of Digital Libraries. Springer, Cham, 2021.
Dates	2021
Title	Rudan, Sasha Mile, Sinisa Rudan, and Birger Møller-Pedersen. "Extending BPM (N) to Support Face-to-Virtual (F2V) Process Modeling." MODELSWARD. 2021.
Dates	2020
Title	Sasha Mile Rudan, Eugenia Kelbert, Lazar Kovacevic, Sinisa Rudan, Matthew Reynolds: Twin Talk: Bukvik+LitTerra+Colabo.Space - An Example of the DH Collaboration Across

	Disciplines, Languages, and Style. TwinTalks@DH/DHN 2020: 15-29
Dates	2019
Title	Sasha Mile Rudan, Lazar Kovacevic, Eugenia Kelbert and Sinisa Rudan, “LitTerra, by augmenting literature with meaningful connections, turns readers into explorers and researchers”, ELO2019, Cork
Dates	2019
Title	Sinisa Rudan and Sasha Mile Rudan, “CoLaboArthon - Developing Collaborative Art Worldwide”, ELO2019, Cork
Dates	2019
Title	Sinisha Rudan, Sasha Rudan, Lazar Kovacevic, Eugenia Kelbert, “Poetry on the Road: An Intercultural And Multidisciplinary IT-Augmented Dialogue on the Topic of Refugees and Migrants”, Comparing e/migrations: Tradition – (Post)memory – Translingualism (2019), Toruń
Dates	2018
Title	Sinisa Rudan, Sasha Rudan, “Augmentation Of Creative Community Practices By Socio-technical Ecosystems (colabo.space: Tools And Methodologies Supporting Colaboarthon)”, PPLG18, Thessaloniki
Dates	2018
Title	Sinisa Rudan, Sasha Rudan, Tamara Nikolic Maksic , “Colaboarthon - Inclusive Play - Developing Collective Awareness And Empathy (from Brainstorming To Art)”, PPLG18, Thessaloniki
Dates	2015
Title	Tasovac, T., Sasa Rudan, and Sinisa Rudan, “Developing Morpho-SLaWS: An API for the Morphosyntactic Annotation of the Serbian Language”, In: Systems and Frameworks for Computational Morphology (SFCM 2015), Mahlow, C., Piotrowski, M. (Eds.), Springer, 137-147
Dates	2015
Title	Rudan, S., Rudan, S., Karabeg, D., “Reprogramming anthropocene - crowdsourced governance of trans-technical systems” (ISSS 2015), Vol 1, No 1 (2015)
Dates	2014
Title	Rudan, Sasha, Rudan, Sinisa, “Democracy Framework Politics & Leadership in Online Communities” (ICEDEG 2014), Terán, L., Meier, A. (eds.), IEEE Computer Society, University of Fribourg, pp. 67-72, 2014
Dates	2013
Title	Rudan, S., Karabeg, D., and Johansen, A. M., “DataTalks: A Unified Knowledge Pool in SaaS and Mashup Systems”, ECKM 2013 14th European Conference on Knowledge Management, 2 Volume set, Janiūnaitė, B., Pundziene, A., Petraite, M. (eds.), Vol. 2, pp. 926-932
Dates	2008
Title	“Quality, Relevance and Importance in Information Retrieval with Fuzzy Semantic Networks”, by Lachica, R., Karabeg, D. and Rudan, S.. Proceedings of the TMRA, 2008.
Dates	2008
Title	“SocioTM – Relevancies, Collaboration, and Socio-knowledge in Topic Maps”, Rudan, S. & Rudan, S. In: Subject-centric computing. Fourth International Conference on Topic Maps Research and Applications (TMRA 2008), Maicher, L.; Garshol, L. M. (eds.), Leipziger Beiträge zur Informatik: XII, 2008
Dates	2006
Title	Rudan, S., Kovacevic, A., Babovic, Z., Jovic, D., Milutinovic, V., Milligan, C., “One Approach of Efficient Management of Zillion Signatures”, Transactions on Internet Research, 2006, Vol. 2, No. 2
Dates	2005
Title	Rudan, S., Kovacevic, A., Milligan, C.A., Milutinovic, V. M., “Data Assurance in a Conventional File Systems (HICSS 2005), IEEE Computer Society 2005

Invited Lectures and Presentations

Dates	2018
Title	“Visualizing Mademoiselle O's Emigration Trajectory: a Stylometric Approach to Nabokov”, Stockholm University, 2 March 2018, Stockholm, Sweden
Dates	2017
Title	“Systemic innovation and Collaborative augmentation of Journalism”, Media polygon, Tyumen, Russia, April, 2017
Dates	2017
Title	"Augmenting Structural Democratic Dialogue with Online and Offline Collaborative Tools", Future Worlds Center, Nicosia, Cyprus, June, 2017
Dates	2016
Title	“Bukvik and Cross-Lingual Stylistic Comparison” (with Eugenia Kelbert), Max Planck Institute for Empirical Aesthetics, 14 September 2016, Frankfurt-am-Main, Germany
Dates	2014
Title	“Acquiring a Second Language Literature” (with Eugenia Kelbert), 25 November 2014, Centre for Research on Bilingualism, Stockholm University, Stockholm, Sweden
Dates	2014
Title	“Use of Digital Humanities Techniques in the Context of (Self-)translation and Bilingual Writers” (with Eugenia Kelbert), Encompassing Comparative Literature: Theory, Interpretation, Perspective, 24-26 October 2014, Belgrade, Serbia
Dates	2014
Title	“Bukvik: an Experiment in Quantitative Literary Analysis” (with Eugenia Kelbert), 17 September 2014, Faculty of Communications, Media and Design, Higher School of Economics, Moscow, Russia
Dates	2014
Title	“Writing Outside Russian: An Experiment in Quantitative Analysis” (with Eugenia Kelbert), Translation in Russian Contexts, 3-7 June 2014, Uppsala, Sweden
Dates	2013
Title	Keynote speaker, "Project LitTerra: New Travel Through Augmented Digital Book (the next step after digitization)," Sasha Mile Rudan, Oslo U; Eugenia Kelbert, Yale U; Lazar Kovacevic, Inverudio Inc; Sinisa Rudan, Belgrade U; Tamara Butigan, Serbian National Library; Miroljub Stojanovic, Serbian National Library. NCD'13 Conference, Belgrade, Serbia, November 2013.

Conferences

Dates	2025
Title	“A hybrid approach in the close and distant reading of Ibsen’s plays in the light of the characters’ stylometric profiles” (with S. Rudan and L. Timmermann), DHNB2024, 27-31 May, Reykjavik, Iceland
Dates	2021
Title	“Poetry on the Road - An Experiment in Multidisciplinary Co-creation on the Topic of Refugees and Migrants,” Approaches to Migration, Language & Identity (AMLI 2021), 9-11 June 2021, Sussex, UK (virtual)
Dates	2020
Title	“Comparative Study of Jane Eyre Translations into the Languages of Former Yugoslavia and Russian: A Digital Humanities Augmented Close Reading Approach,” (with Sasha Rudan and Matthew Reynolds), ASEES, 5-8 Nov 2020, Washington DC (virtual)
Dates	2020

Title	Twin Talk: Bukvik+LitTerra+Colabo.Space - An Example of DH Collaboration Across Disciplines, Languages, and Style, TwinTalks DHN, 20 October 2020, Riga (virtual)
Dates	2021
Title	“Bukvik and LitTerra Infrastructures Tackling Multiple Translations of ‘Jane Eyre,’” CALT, 14 May 2021, Swansea (virtual)
Dates	2021
Title	“AnnoTata – Support for Multi-annotations and Structural Dialogue as a Foundation of the Online Collaborative Research and Education on the LitTerra Platform,” 14-16 April 2021, Digital Transformation in Culture and Education, 2021
Dates	September 2021
Title	Retracing Connections Between Byzantine Storyworlds and Declarative DH Eco-systems, Sasha Rudan, Michael Dunn, Christian Høgel, Sinisha Rudan, Andrija Sagic, Lazar Kovacevic, ICBMGS, Tbilisi, Georgia, 2021
Dates	June 2021
Title	Poetry on the Road - An Experiment in Multidisciplinary Co-creation on the Topic of Refugees and Migrants, Sasha Rudan, Sinisha Rudan, Dimitrije Bukvic, Bob Holman & Eugenia Kelbert, AMLI’21, Brighton, UK, 2021
Dates	May 2021
Title	Bukvik and LitTerra Infrastructures Tackling Multiple Translations of “Jane Eyre”, Sasha Rudan, Eugenia Kelbert, Sinisha Rudan, Lazar Kovacevic & Matthew Reynolds, CALT’21, Swansea, UK, 2021
Dates	April 2021
Title	AnnoTata – Support for Multi-annotations and Structural Dialogue as a Foundation of the Online Collaborative Research and Education on the LitTerra Platform, Sasha Rudan, Sinisha Rudan, Eugenia Kelbert, Matthew Reynolds, DTCE’21, Belgrade, Serbia, 2021
Dates	November 2020
Title	Comparative Study of Jane Eyre Translations into the Languages of Former Yugoslavia and Russian – A Digital Humanities augmented Close Reading Approach, Sasha Rudan, Sinisha Rudan, Lazar Kovacevic, Eugenia Kelbert, Matthew Reynolds, ASEEES’20, Virtual, 2020
Dates	July 2016
Title	"CollaboFramework - a framework for sustaining socio-ecological systems through dialogical knowledge and action space", Sasha Mile Rudan, Sinisha Rudan, Dino Karabeg, ISSS'16, Boulder, CA, USA, 2016
Dates	August 2015
Title	"Reprogramming anthropocene - crowdsourced governance of trans-technical systems", Sasha Mile Rudan, Sinisha Rudan, Dino Karabeg, ISSS'15, Berlin, Germany, 2015
Dates	August 2015
Title	“Idioms Usage Patterns in Bilingual Writing: An Example of Qualitatively Augmented Quantitative Analysis” (with Eugenia Kelbert), August 2015, IX World Congress of ICCEES, Chiba, Japan
Dates	June 2015
Title	“Visualizing Dynamics of Narrative in Fiction” (with Eugenia Kelbert), 15-18 June 2015, SCALE, Malta
Dates	January 2015
Title	"Bukvik: A Literary Scholars' Environment for Running Visualized, Social-Augmented, Collaborative Research," (with Eugenia Kelbert), MLA'15, Vancouver, Canada, 2015
Dates	July 2014
Title	"Analysis of a Social Activities Recommendation Model", Sasha Mile Rudan, Sinisha Rudan, Aleksandar Cikaric, ECSM, Brighton, UK, 2014
Dates	April 2014

Title	"Democracy Framework Politics & Leadership in Online Communities", Sasha Mile Rudan, Sinisha Rudan, ICEDEG, Quito, Ecuador, 2014
Dates	January 2014
Title	"Computational Tracking of Cross-Cultural and Cross-Lingual Markers in Translation Corpora," (with Eugenia Kelbert), MLA'14, Chicago, US, 2014
Dates	October 2014
Title	"CharityNet - Online Crowd-Charity System Driven by Social Psychology and Performed through Social Dissemination of Charity", Sinisa Rudan, Sasha Mile Rudan, Bojana Radovanovic, GHTC'14, San Jose, CA, USA, 2014
Dates	January 2014
Title	"Computational Tracking of Cross-Cultural and Cross-Lingual Markers in Translation Corpora," Eugenia Kelbert, Yale Univ.; Saša Mile Rudan, Oslo Univ., MLA'14 Conference, Chicago, USA, 2014
Dates	September 2013
Title	"Friendship Growth and Management Driven by Social Processes And Activities; Measurements, Stability And Behavior Cascading" (poster), Sasha Mile Rudan, Sinisha Rudan, ECCS13, Barcelona, Spain, 2013
Dates	September 2013
Title	"DataTalks: A Unified Knowledge Pool in SaaS and Mashup Systems, "
Dates	September 2013
Title	"DataTalks: A Unified Knowledge Pool in SaaS and Mashup Systems," Sasha Mile Rudan, Oslo U; Dino Karabeg, Oslo U; Alf Martin Johansen, Induct AS, ECKM'13 Conference, Kaunas, Lithuania, 2013
Dates	September 2012
Title	"Applications of Semantic and Conceptual Analysis of L2 Writers: Nabokov, Brodsky and Stylistic Consequences of Bilingual Cognition," Eugenia Kelbert, Sasa Rudan, William Teahan, SCLA Conference, Zagreb, Croatia, 2012
Dates	June 2012
Title	"An Innovation Ecosystem for Good Journalism," Karabeg, D., Fung, M.L., Herrera, R., Price, D., Rudan, S., Sanguesa, R., Xaxas, X.M., New Political Communication and EU, Dubrovnik, Croatia, June 1, 2012.
Dates	October 2008
Title	"SocioTM – Relevancies, Collaboration, and Socio-knowledge in Topic Maps," Sasa Rudan, Sinisa Rudan, TMRA Conference, Leipzig, Germany, 2008
Dates	October 2008
Title	"Quality, Relevance and Importance in Information Retrieval with Fuzzy Semantic Networks," R. Lachica, D. Karabeg, and S. Rudan, TMRA Conference, Leipzig, Germany, 2008
Dates	June 2004, January 2005
Title	"Data Assurance in a Conventional File System," S. Rudan, A. Kovacevic, V. Milutinovic, C. Milligan, and S. Selkirk, Proceedings of the International HICSS-38 Conference, Hawaii, USA, 2005, Proceedings of the International IPSI-2004 Conference, Studenica, Serbia, 2004
Dates	Autumn 2006
Title	"Fast File Existence Checking in Archiving System", S.Tomazic, S.Rudan (submitted to the IEEE Transactions on Knowledge and Data Engineering), based on paper "The Solution for Distributed Management of Digital Signatures in Highly-loaded SAN Systems"
Dates	October 2004
Title	"Semantic Metadata Standards," S. Rudan, A. Kovacevic, V. Milutinovic, Proceedings of the International IPSI-2004 Conference, Sveti Stefan, Serbia and Montenegro

Additional training

Title of qualification awarded	Course: Systemic Science
Organisation providing education	Boulder, Colorado
Title of qualification awarded	Course: Summer School in Bilingualism
Organisation providing education	Bangor University, Wales
Title of qualification awarded	Course: Business plan and managing e-business
Organisation providing education	Faculty of management science, Belgrade, Serbia
Title of qualification awarded	Seminar: Starting up small companies
Organisation providing education	OSCE+ SEED
Title of qualification awarded	Parallel computing summer school
Principal subjects/occupational skills covered	(1) Hardware, programming and algorithms, (2) Fluid & gas model and simulation, (3) Parallel programming languages
Organisation providing education	Munich Computer Science Faculty, Germany
Level in national or international classification	Course, diploma, unconditional acceptance to PhD studies at Munich Computer Science Faculty
Title of qualification awarded	Computer Science Courses
Principal subjects/occupational skills covered	Parallel computing (hardware and simulator), OO concepts (Modula), 3D graphics
Organisation providing education	Research Center for Young Talents, Petnica, Serbia

Skills

Social

- Good in conversation and spreading a relaxed atmosphere, helping people I am managing or working with, feel group responsibilities and follow leadership
- Snow/water skiing, cycling, inline-skating, dancing, fishing, yoga, capoeira

Organizational/Design/Modeling

- Project management, negotiation, team building, brainstorming management
- Project management tools, Issue tracker, CRM tools, e-business-commerce tools
- UML modeling, BPMN modeling, system architecture, system design, customer journey mapping, user stories, personas

Computer

Technologies

- Frontend frameworks: Vue, React, Angular, Bootstrap, Ionic, jQuery, vanilla JS
- Backend frameworks: Node.js, Nest.js, Express.js, Django, Flask
- DevOps/Containerization: docker, docker swarm, OpenFaaS, podman (primarily root-less), Kubernetes (OpenStack, OpenShift, Helm), AWS, GCP, Azure, Heroku

- Asynchronous programming: event-driven systems, WebSockets, Socket.io, message brokers (RabbitMQ), RxJS, workflow systems (ColaboFlow, Apache Airflow, Prefect), microservices, AJAX
- Databases: PostgreSQL, MySQL, MongoDB, Redis, SQLite, Neo4j, Elasticsearch, BigQuery, Triple Stores (Blazegraph)
- AI/ML: RAG, agentic frameworks, TensorFlow, PyTorch, scikit-learn, OpenAI, HuggingFace, LLMs, Transformers, audio and video processing, NLP/NLU, stylometric analysis, semantic analysis, knowledge representation
- Testing frameworks: Jest, Mocha, Jasmine, Cypress, Selenium, PyTest, Puppeteer, Playwright, Vitest
- Deployment workflows: CI/CD, Github Actions, NX, Lerna, monorepos, multi-monorepos, Ansible
- Virtualization: OpenStack, VMWare, VirtualBox
- Knowledge/data representation: XML, XSD, XSLT, RDF, OWL, JSON-LD, SPARQL, Topic Maps, Linked Data
- Linux administration, Windows administration, (W)LAN network administration
- WEB administration: Apache, PHP, MySQL, IIS, TomCat
- VoIP (Theory, development (PDA), Asterisk)

Programming Languages

- Python, TypeScript/JavaScript, C(++), C#, (OOP, MVC)
- Java, Objective-C, ASM, ActionScript 3, Modula, Prolog
- Linux shell scripts, Perl, PHP

Technical

- Internet protocols (all OSI layers, theory & development)
- System Windows programming, System Linux/UNIX programming
- Hardware knowledge, microcontrollers (arduino, esp32), network administration

UI/UX/Artistic

- UX design; Design (Figma, Balsamiq, Adobe XD, Zeplin) -> code, CSS/SASS, SVG, Google Material
- Visualization: D3, Plotly, Computer Graphic (2D, 3D, Fractals, 3D Studio, Swift3D)
- Writing poetry and short stories, drawing (published in collections, won prizes)

Other

- Practicing guitar and Serbian “flute” (frula), dancing, capoeira, snowboarding, tennis, slam/active poetry
